TRAVELS FAR TO PREACH.

UNIVERSITY OF OREGON, Eugene, Jan. 21.—A journey of 600 miles weekly for the sake of preaching to this congregation is made by Peter Crockett of Pendleton, Ore., a senior at the University of Oregon.

Crockett is a good type of the all-around man. His pastorate is at Wasco, Ore., in Sherman county, and he leaves Eugene each Friday night for Wasco, returning early Tuesday morning. It is 122 miles from Eugene to Portland and about 180 from Portland to Wasco, a trip of some 300 miles each way by rail.

His regular fourth-year studies and his pastoral duties do not represent Crockett's capacity, however. Two years ago he was a star debater and this year will compete in university oratorical contests. He is on the University soccer football team and all next semester, although he expects to carry 22 hours of work where the average student carries only 16, he proposes keeping up his heavy round.

Picture from the Speaking Stage.

"The Third Degree," Chas. Klein's drama founded on the inside workings of a great police department, will be shown in pictures at the Pastime on Thursday and Friday. This play ran a whole season in a Broadway playhouse and did a record business in the first class theaters in every big city in America. The story is thrilling and intense while its appeal is so broad and general that it hits all classes of old and young. It is in five reels, and is a fine example of Lubin's justly famous photographic productions.

Ford was lead-off man on the North Yakima batting order practically all of last season and, in addition to a batting average better than 250 he reached first base more times on walks or "hit by pitcher" than he did by hits. With his knowledge of baseball, his general policy of playing a fast, hitting game, and his willingness to take a chance every time one offers, he can be expected to give North Yakima a baseball team that will put up some interesting ball and that will win games in this Class D company.
